

HIPAA Privacy Policies

Notice of Privacy Practices

Every year, we're required to send you specific information about your rights, your benefits and more. This can use up a lot of trees, so we've combined a couple of these required annual notices. Please take a few minutes to read about:

- State notice of privacy practices
- HIPAA notice of privacy practices

State notice of privacy practices

As mentioned in our Health Insurance Portability and Accountability Act (HIPAA) notice, we must follow state laws that are stricter than the federal HIPAA privacy law. This notice explains your rights and our legal duties under state law. This applies to life insurance benefits, in addition to health, dental and vision benefits that you may have.

Your personal information

We may collect, use and share your nonpublic personal information (PI) as described in this notice. PI identifies a person and is often gathered in an insurance matter.

We may collect PI about you from other persons or entities, such as doctors, hospitals or other carriers. We may share PI with persons or entities outside of our company — without your OK in some cases. If we take part in an activity that would require us to give you a chance to opt out, we will contact you. We will tell you how you can let us know that you do not want us to use or share your PI for a given activity. You have the right to access and correct your PI. Because PI is defined as any information that can be used to make judgments about your health, finances, character, habits, hobbies, reputation, career and credit, we take reasonable safety measures to protect the PI we have about you. A more detailed state notice is available upon request. Please call the phone number printed on your ID card.

HIPAA Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH, VISION AND DENTAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION WITH REGARD TO YOUR HEALTH BENEFITS. PLEASE REVIEW IT CAREFULLY.

We keep the health and financial information of our current and former members private, as required by law, accreditation standards and our rules. This notice explains your rights. It also explains our legal duties and privacy practices. We are required by federal law to give you this notice.

Your Protected Health Information

We may collect, use and share your Protected Health Information (PHI) for the following reasons and others as allowed or required by law, including the HIPAA Privacy rule:

For payment:

We use and share PHI to manage your account or benefits; or to pay claims for health care you get through your plan.

For health care operations:

We use and share PHI for health care operations.

For treatment activities:

We do not provide treatment. This is the role of a health care provider, such as your doctor or a hospital.

Examples of ways we use your information for payment, treatment and health care operations:

- We keep information about your premium and deductible payments.
- We may give information to a doctor's office to confirm your benefits.
- We may share explanation of benefits (EOB) with the subscriber of your plan for payment purposes.

- We may share PHI with your health care provider so that the provider may treat you.
- We may use PHI to review the quality of care and services you get.
- We may use PHI to provide you with case management or care coordination services for conditions like asthma, diabetes or traumatic injury.
- We may also use and share PHI directly or indirectly with health information exchanges for payment, health care operations and treatment. If you do not want your PHI to be shared for payment, health care operations, or treatment purposes in health information exchanges, please visit [the Davis Vision Privacy page](#) for more information.

To you:

We must give you access to your own PHI. We may also contact you to let you know about treatment options or other health-related benefits and services. When you or your dependents reach a certain age, we may tell you about other products or programs for which you may be eligible. This may include individual coverage. We may also send you reminders about routine medical checkups and tests.

To others:

In most cases, if we use or disclose your PHI outside of treatment, payment, operations or research activities, we must get your OK in writing first. We must receive your written OK before we can use your PHI for certain marketing activities. We must get your written OK before we sell your PHI. If we have them, we must get your OK before we disclose your provider's psychotherapy notes. Other uses and disclosures of your PHI not mentioned in this notice may also require your written OK. You always have the right to revoke any written OK you provide.

You may tell us in writing that it is OK for us to give your PHI to someone else for any reason. Also, if you are present and tell us it is OK, we may give your PHI to a family member, friend or other person. We would do this if it has to do with your current treatment or payment for your treatment. If you are not present, if it is an emergency, or you are not able to tell us it is OK, we may give

your PHI to a family member, friend or other person if sharing your PHI is in your best interest.

As allowed or required by law: We may also share your PHI for other types of activities including:

- Health oversight activities;
- Judicial or administrative proceedings, with public health authorities, for law enforcement reasons, and with coroners, funeral directors or medical examiners (about decedents);
- Organ donation groups for certain reasons, for research, and to avoid a serious threat to health or safety;
- Special government functions, for Workers' Compensation, to respond to requests from the U.S. Department of Health and Human Services, and to alert proper authorities if we reasonably believe that you may be a victim of abuse, neglect, domestic violence or other crimes; and
- As required by law.

If you are enrolled with us through an employer–sponsored group health plan, we may share PHI with your group health plan. If your employer pays your premium or part of your premium, but does not pay your health insurance claims, your employer is not allowed to receive your PHI — unless your employer promises to protect your PHI and makes sure the PHI will be used for legal reasons only.

Authorization:

We will get an OK from you in writing before we use or share your PHI for any other purpose not stated in this notice. You may take away this OK at any time, in writing. We will then stop using your PHI for that purpose. But, if we have already used or shared your PHI based on your OK, we cannot undo any actions we took before you told us to stop.

Genetic information:

We cannot use or disclose PHI that is an individual's genetic information for underwriting.

Race, Ethnicity, and Language:

We may receive race, ethnicity, and language information about you and protect this information as described in this Notice. We may use this information for various health care operations which include identifying health care disparities, developing care management programs and educational materials, and providing interpretation services. We do not use race, ethnicity, and language information to perform underwriting, rate setting or benefit determinations, and we do not disclose this information to unauthorized persons.

Your Rights

Under federal law, you have the right to:

- Send us a written request to see or get a copy of certain PHI, including a request to receive a copy of your PHI through e-mail. It is important to note that there is some level of risk that your PHI could be read or accessed by a third party when it is sent by unencrypted e-mail. We will confirm that you want to receive PHI by unencrypted e-mail before sending it to you.
- Ask that we correct your PHI that you believe is missing or incorrect. If someone else (such as your doctor) gave us the PHI, we will let you know so you can ask him or her to correct it.
- Send us a written request to ask us not to use your PHI for treatment, payment or health care operations activities. We are not required to agree to these requests.
- Give us a verbal or written request to ask us to send your PHI using other means that are reasonable. Also, let us know if you want us to send your PHI to an address other than your home if sending it to your home could place you in danger.
- Send us a written request to ask us for a list of certain disclosures of your PHI. Call Customer Service at the phone number printed on your identification (ID) card to use any of these rights. Customer Service representatives can give you the address to send the request. They can also give you any forms we have that may help you with this process.

- Right to a restriction for services you pay for out of your own pocket: If you pay in full for any medical services out of your own pocket, you have the right to ask for a restriction. The restriction would prevent the use or disclosure of that PHI for treatment, payment or operations reasons. If you or your provider submits a claim to Davis Vision, Davis Vision does not have to agree to a restriction (see Your Rights section above). If a law requires the disclosure, Davis Vision does not have to agree to your restriction.

How we protect information

We are dedicated to protecting your PHI, and have set up a number of policies and practices to help make sure your PHI is kept secure.

We have to keep your PHI private. If we believe your PHI has been breached, we must let you know.

We keep your oral, written and electronic PHI safe using physical, electronic, and procedural means. These safeguards follow federal and state laws. Some of the ways we keep your PHI safe include securing offices that hold PHI, password-protecting computers, and locking storage areas and filing cabinets. We require our employees to protect PHI through written policies and procedures. These policies limit access to PHI to only those employees who need the data to do their job. Employees are also required to wear ID badges to help keep people who do not belong out of areas where sensitive data is kept. Also, where required by law, our affiliates and nonaffiliates must protect the privacy of data we share in the normal course of business. They are not allowed to give PHI to others without your written OK, except as allowed by law and outlined in this notice.

Potential impact of other applicable laws

HIPAA (the federal privacy law) generally does not preempt, or override, other laws that give people greater privacy protections. As a result, if any state or federal privacy law requires us to provide you with more privacy protections,

then we must also follow that law in addition to HIPAA.

Contacting You

We, including our affiliates or vendors, may call or text any telephone numbers provided by you using an automated telephone dialing system and/or a prerecorded message. Without limitation, these calls may concern treatment options, other health-related benefits and services, enrollment, payment, or billing.

Complaints

If you think we have not protected your privacy, you can file a complaint with us. You may also file a complaint with the Office for Civil Rights in the U.S. Department of Health and Human Services. We will not take action against you for filing a complaint.

Contact information

Please call Customer Service at the phone number printed on your ID card. Representatives can help you apply your rights, file a complaint or talk with you about privacy issues.

Copies and changes

You have the right to get a new copy of this notice at any time. Even if you have agreed to get this notice by electronic means, you still have the right to a paper copy. We reserve the right to change this notice. A revised notice will apply to PHI we already have about you, as well as any PHI we may get in the future. We are required by law to follow the privacy notice that is in effect at this time. We may tell you about any changes to our notice in a number of ways. We may tell you about the changes in a member newsletter or post them on our website. We may also mail you a letter that tells you about any changes.
